

Smellgone Rapid Concentrate

Brand: Smellgone
Product Code: SGR
Availability: 23
Weight: 1.45kg
Dimensions: 15.00cm x 7.50cm x 17.50cm

Price: \$37.18

Ex Tax: \$33.80

Short Description

Use to control odours in extensive areas for smells such as cat urine, stud cats, dead rats, visiting possums, fruit bats/flying foxes.

Description

Use for extensive areas where smells such as cat urine, stud cats, dead rats, visiting possums, fruit bats/flying foxes. Also useful for yard areas at breeding or boarding kennels, wastewater tanks, ponds and drains.

Smellgone Rapid concentrate is a heavy duty spray solution which must be diluted 1 part concentrate to 10 parts water and then sprayed. The 1 litre of concentrate will make upto 11 litres of spray and represents excellent value. It is useful for larger scale applications such as spraying areas of carpet, roof spaces, verandahs, patios and other outdoor areas. It is best applied with a larger spray unit such as a pump-up type garden sprayer.
